Stop Crimes **Before** They Happen

Illinois: (618) 394-1144
Missouri: (314) 241-0422

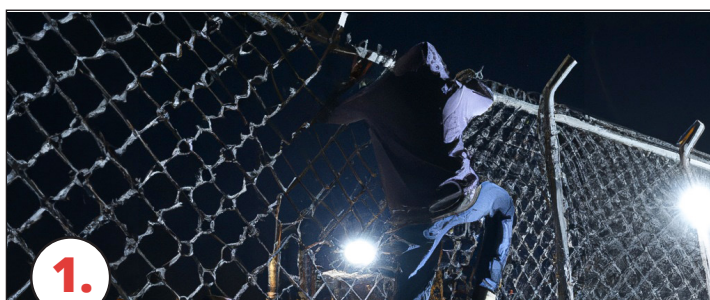

Stop Repeat Break-ins with *Live Video Monitoring*

How it Works

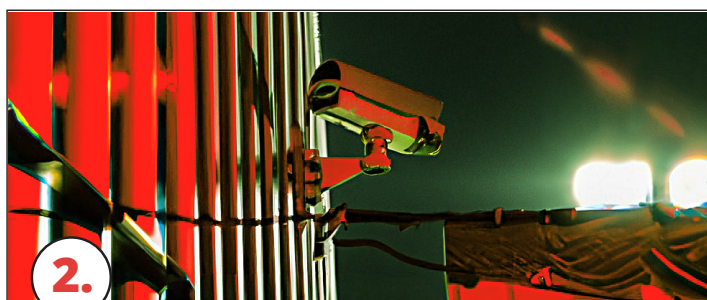

DETECT - ALERT - VERIFY - ARREST

visit our Alarm
Monitoring
website page

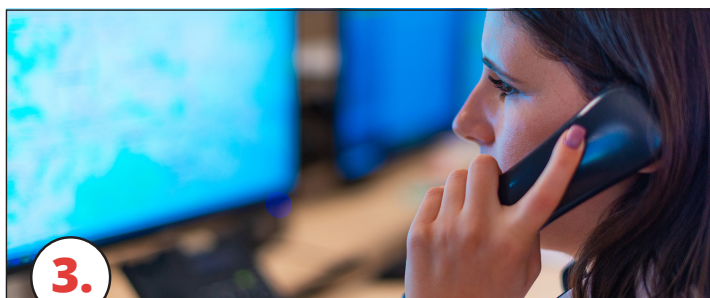

1.

DETECT - Security cameras detect intruder on your property. Alarm triggered. Flood lights & loudspeaker warning message activated to scare off intruder.

2.

ALERT - If intruder ignores warnings, an alert is immediately sent to our 24/7 Security Central Monitoring Station for LIVE viewing.

3.

VERIFY - Security agents view your security cameras LIVE. Visually verify intruder on your property, confirm crime in progress. Police immediately notified. Response time typically swift.

4.

ARREST - Police arrive on scene, announce their presence, patrol your property, track & arrest intruder. Crime Prevented. Business secured.

Call us today for a complimentary security evaluation. You deserve a good night's sleep for a change.
